

BROMPTON

CONTENT

100% Leather

AVERAGE HIDE SIZE

50 sqft

FEATURES

Authentically recreates the effect of hand-rubbed antique leather

Made with truly innovative tanning methods; the result of five generations of Italian craftsmanship

Tremendous "burst" pull-up; areas of tension show up as a lighter color

Will burnish and polish, becoming even more beautiful with wear

Suitable for high traffic areas, public spaces and guestrooms

THICKNESS 1.1-1.3

FINISH CHARACTER Full Aniline

MAINTENANCE

Wipe periodically with a dry cloth to prevent dust from building up.

CLEANING & CONDITIONING

Do not use harsh cleaners or solvents. Specifically formulated products such as Moore & Giles leather cleaner and conditioner can be used to rejuvenate fine leather surfaces. However, some leathers are sensitive, so these products should be spot tested before overall use.

TO REQUEST A SAMPLE

Samples of this product are available on our website or by contacting your sales associate. The standard sample is 4"x4". Cuttings for approval are provided upon request at the receipt of a purchase order.

TO PLACE AN ORDER

Moore & Giles leather is sold by the hide with a one hide minimum and priced by the square foot. Please contact your sales associate to determine availability and pricing of this product. All orders are FOB Forest, VA.

Brompton is our most unique leather produced in Italy by a fifth generation tanner on beautiful English bull hides. Brompton employs innovative tanning techniques and state of the art technology to impregnate the leather with a high percentage of wax that provides the hides with tremendous "burst" or pull-up. When upholstered, any area of tension will show up as a much lighter color providing the epitome of a hand rubbed antique leather.
